

SLK60P6L

205 W - 240 W

Poly-Crystalline Solar Modules

Real World Tested • Globally Trusted

- Manufactured in the USA (San Diego, CA)
- Excellent Power Tolerance +3/0 %
- Outstanding Low-Light Performance
- 25 Year Power Output Warranty
- UL and TÜV Certified for Worldwide Applications
- High Performance Modules with Efficiency up to 14.8%

Why Siliken?

- Our U.S. operation is built on an 8 year track record in the European markets.
- Our global success has established a solid foundation to service the long-term needs of the solar industry.
- With over 160 MW installed worldwide, we have built a respected brand by consistently providing a quality product with proven performance.
- Our investment in R&D illustrates our commitment to reduce costs and improve efficiencies.

Siliken Reliability

The Siliken modules are certified according to UL and TÜV standards. The high quality and reliability ensure the prompt return of investment for any PV installation, including residential, commercial or utility scale.

Each module goes through its testing phases, including strict power production verification and resistance tests in radiation simulators. With innovative products and solutions successfully implemented around the world, Siliken is a recognized global leader in solar power.
